YORS

Dear Sir,

"SUD".

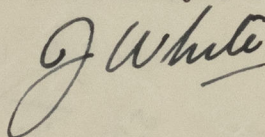

We have received a letter from the Owners of the above vessel informing us that they do not intend proceeding with the classification survey.

We are not surprised at this, as no repairs have been carried out to date, an examination of the Hull structure afloat only has been carried out to date and in view of the repairs required it is our opinion it would be a waste of money.

The vessel is now laid up at Rio Santiago, La Plata, and it would appear will be offered for sale as scrap. We will keep you informed of any developments.

Yours faithfully.

for The Surveyors.

The Secretary.
