

Lloyd's Register of Shipping.

Port LONDON.

11th August, 1948.

This is to Certify that

E.M. SELLEX,

the undersigned Surveyor to this Society did at the request of Messrs. J. & E. Hall Ltd. attend at their Works at Dartford, Kent, on the 5th December, 1947, and subsequently, for the purpose of examining and testing two heater coils, two heater casings, one preheater coil, one air vessel, one discharge filter and one suction filter, made to the order of Messrs. Todd Oil Burners Ltd., London, and intended for The Central Marine Engine Works' No. 1229.

The parts were subjected to the following hydraulic pressures in the presence of the undersigned:-

Two Heater Coils	500	lbs.	per	square	inch.
Two Heater Casings	500	"	"	"	"
One Preheater Coil	500	"	"	"	"
One Air Vessel	500	"	"	"	"
One Discharge Filter ...	500	"	"	"	"
One Suction Filter	300	"	"	"	"

All the above withstood the tests applied and were found suitable for a working pressure of 300 lbs. per square inch, with the exception of the suction filter, which is suitable for a working pressure of 100 lbs. per square inch.

Each part has been stamped for identification purposes with the test pressures and with the initials of the undersigned.

Fee:- £4. 4. 0.
Exps:- 7. 8.

(Sgd.) E.M. SELLEX.

Surveyor to Lloyd's Register
of Shipping.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that :-
While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly
it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances
to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any
the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of
Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
