

"ABY".

Hul.53243.

Before this case receives consideration it is submitted the Hull Surveyors be informed that it is not clear from their Report 13. whether plans for the electrical equipment have been submitted for approval in this case as the Surveyor's "General Remarks" contradict the first item on Page 1.

Furthermore there is no record of plans in the London Office. Plans should be submitted in accordance with the Rules for Electrical Equipment. The Surveyors should also state definitely whether alternative lighting circuits in the Engine and Boiler rooms have been fitted as required by the Rules.
