13th August, 1965.

The Surveyors,
Lloyd's Register of Shipping,
KOBE, JAPAN.

Dear Sirs,

"SHAUKIWAN"

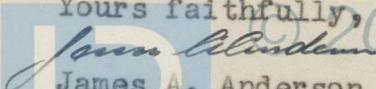

The Owners state that this vessel will drydock at Aioi on 20th instant.

The Committee have agreed to the postponement of the Special Survey until May, 1966, on completion of a satisfactory General Examination.

There is some doubt regarding the completion of the Main Boiler Survey by the adjustment of the centre and starboard boiler safety valves and the examination of the oil burning system and remote controls.

The machinery class is at present continued subject as stated in the Special Reasons List.

Yours faithfully,

James A. Anderson
Principal Surveyor.
