

Mr Beer

Mr. Gallours wants to  
know whether we can  
agree to a cert being  
issued to the effect  
that tempy repairs  
have been effected  
to enable ship to remain  
safely afloat at present  
anchorage. but that  
further repairs would  
be required before a  
certificate could be  
issued for a towage  
order to breaking up  
port

Agree but would "propose certificate to  
state "before ship can be moved from present  
anchorage" MB
