Dear Sirs,

R.  
GAE/BN

"FIRMITY"

In connection with the overdue Drydocking Survey, it has been understood from you that the vessel is laid up, and it is concluded she remains so at this date.

I have to remind you that the Special Survey became due at the end of last month, and we assume you will arrange for this inspection to receive attention before the ship again proceeds to sea. It will however be appreciated if you will confirm that this is so.

The Screwshaft Survey becomes due in June 1964.

Yours faithfully,

c.c. London Outdoor Surveyors.

Clerk to the  
Classification Committee.
