Enclosures

9th May, 1951.

SHIP. Dear Sirs,

"CASTILLO MONTJUICH" or "AFRICAN MARINER"

I duly received your letter of the 8th March regarding the extensive repairs being carried out, and enclosing eleven plans, in triplicate, in connection with the conversion to oil burning and other modifications, and have to state that the scantlings and arrangements as shown and amended will be approved provided they be carried out to your satisfaction.

Two sets of the plans are returned herewith and one set is being retained for record.

A separate communication will be addressed to you regarding the requirements in respect of the re-classification of the ship.

Yours faithfully,

The Surveyors,  
BILBAO.

p.s. Plans returned under separate cover.
