LLOYD'S REGISTER,  
LONDON.

Enclos: 1. 31 MAR 1920

ANS ~~XXXXXXXXXX~~

reference

Dear Sir,

With reference to the enclosed certificate for the Turbine machinery of the steamer "ANDALUSIER", we think it as well to point out that as this vessel is fitted with Babcock and Wilcox water-tube boilers, the various parts of which were made at Glasgow but were erected and tested by hydraulic on board the vessel at this port. In view of this it is suggested that Middlesbrough should be added to the ports of Newcastle and Glasgow, as ports where this machinery was surveyed.

*checked on  
ent.  
7/11/20*

We may add that in allocating the fees to the various ports, we are of opinion that this port has not been credited with a due proportion for the survey during erection and testing of the boilers.

We are, Dear Sir,

Yours faithfully,

The Surveyors,

Per: *W E Morrison*

Lloyd's Register

The Secretary,  
London.

004382-004386-0171

Referred to the Chief Engineer Surveyor.

31 MAR 1920

For Mr Wood MW  
The Accountant  
K. H. K.

The fees for the survey during  
Contribution of The Dundee have  
been credited to the account in  
practice, with the usual  
allocation, it is submitted  
that the fees should be made  
in this case.
