

M. Andersen.M.V. "Falstria" Cm. 11814

The donkey boiler plan
No. 311313 requires approval.

According to the
correspondence a "Spanner"
vertical boiler was evidently
intended for this vessel
but a Scotch boiler has
now been fitted.

The scantlings of the boiler as shown
on the plan meet the requirements
of the Rules for a working pressure of 8 Kps/cm²

Launched 1941". "Commissioned 1941"

IDK & Skeltendk 3rd dk. in forward holds.
