communications to be addressed to SURVEYORS.

Dear Sir,

N^o 27252

With reference to our report on the m.v. "GUIDESMAN" we received the information from the Builders that according to a letter which was shown to us, written by Messrs. C. Rowbotham & Sons, London (the Owners) the following was noted :

"We beg to inform you that we have now blanked off the connection, between the Forward Ballast Pump, and the Forward Cofferdam, and a separate hand pump for draining the forward cofferdam, has been fitted as per sketch enclosed."

I shall be very pleased to hear if this has been reported by the Surveyors in order that a clean certificate may be issued to this vessel.

I am, Dear Sir,
Yours faithfully,

The Secretary,
LONDON.
