

1346

910/L.

Dear Sirs,

6th March, 1953.

SS " Delfshaven "

With reference to your letter of the 3rd March 1953 we return herewith one set of plans of superheaters for the above vessel.

We have to inform you that the plans of superheater construction are approved as shown and amended for a working pressure of 220 lb/sq. in provided the welding be carried out to your satisfaction with approved electrodes and the superheaters be made under the usual conditions of survey and testing.

The remaining plans showing details of parts are noted and in order.

We should be pleased if you would ~~send~~ <sup>convenience</sup> a further copy of plans No. S-43031 and 3032A at your <sup>convenience</sup>

Endosures.

Yours faithfully,

The Surveyors, *Düsseldorf.*
