

1652/B.

4th May, 1953.

Dear Sirs,

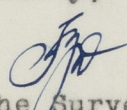

"DELFHAVEN" - Oil Fuel Conversion

With reference to your letter of the 20th April we return herewith one copy of each of the following plans in respect of the above ship.

Alterations to piping for installation of superheater Plan No.249001  
Piping plan of oil fuel lines " " 249002  
Diagram of steam lines " " 249003  
Bilge and Ballast lines in pipe duct, " 249022  
Piping arrangement in Engine Room, Plan No.249038

We have to inform you that the arrangements will be approved as shown and amended on the above plans, provided the remaining requirements of the Rules for Pumping and Piping be complied with as far as they are applicable.

Yours faithfully,

  
for the Surveyors.

Enclosures.

Howaldtswerke Hamburg A.G.,  
Hamburg 11.
