2nd Long. No. 38994) to normal
sheer Proportions = $\frac{L}{D}$ 11.27

Framing Bulb angle framing as approved Sheerstrake As approved

This partly fabricated Standard Ship Type "B" is a sister vessel to the "EMPIRE SQUIRE" and "EMPIRE FOREST".

The draught is about 6" less than that corresponding to the freeboard which could be assigned as a F.S. vessel.

The tank top plating increased under hatchways in lieu of ceiling.

This vessel appears to have been built in accordance with the Rules and the approved plans, and it is submitted she is eligible to be classed ~~100A1~~ "With freeboard"

The Summer Freeboard as shown on the attached extract from the Freeboard Verification Form, now marked on the vessel's sides, to be inserted in the classification certificate and recorded in the Register Book, and further, the remaining freeboards, as shown on the accompanying extract, to be inserted in the certificate of classification.

Q.L. 446.4' E.S.D.

a. The class is assigned and maintained upon the understanding that the equipment will be made to accord with the requirements of the Rules when the present state of emergency has passed, and that hatch covers at the 2nd deck and cargo battens will be fitted at the first available opportunity.

Insert in S.R.L: (A bower anchor and 45 fathoms of chain cable to be supplied).
Hatch covers at the 2nd deck and cargo battens to be fitted at the first opportunity.

The Surveyors should be informed it is concluded the diameter and spacing of the rivets in the butts of the keel plating and the thickness of the 10" bulb angle stiffeners of the collision bulkhead have been approved as reported.
