# LLOYD'S REGISTER OF SHIPPING

Port..... SAINT JOHN, N. B.,

Date..... MARCH 18, 1965

This is to Certify that I have surveyed part of the machinery of the "OAKMORE" 4700 gross tons, of Liverpool, for Continuous Survey of Machinery, while lying afloat at Saint John on March 6, 1965 and subsequently,

and that all my recommendations have been carried out to my satisfaction. I am reporting accordingly and recommending to the Committee of Lloyd's Register of Shipping that the machinery classification should be retained and the following survey records assigned C.S.M. (with date) when the survey has been completed, subject to all conditions against the vessel's machinery class being dealt with as previously recommended.

Parts now examined:—

MAIN ENGINE: Nos. 1, 3 and 4 Bottom end bearings and crankpin

A.K. McDougall, Surveyor to Lloyd's Register of Shipping
