Statement that we are
insisting on completion of S.S. ~~to~~
immediately not quite correct?
but we ~~do~~ require a modified S.S.
now for maintenance of class until September
as for a mod. S.S. entails opening up and examining
repairs limited to those
considered necessary for the period desired.
14/6/67

Mr Twiss has been informed by phone that
the Society requires a mod S.S. & I have
what explained what this means. He will pass this on to
Owners.
14/6/67.
