

Steamer "AL HUSAINI"

Category 1 damage (according to the Instructions to Surveyors, Part 3a) should be the subject of a recommendation that the defect should be further examined and dealt with if necessary at a specific time. If a Surveyor agrees on technical grounds that damage may be deferred beyond the Special Survey, a recommendation for postponement should be made.

This procedure has been followed in the case of the "AL HUSAINI" and the Ship Reports Department endorsement of 12.3.65 is therefore submitted for confirmation.

7th April, 1965.
