Dear Sir,

*Report 33405*

"SIR JAMES CLARK ROSS".

RECEIVED  
2 OCT 1966

With reference to your letter of the  
19th instant, regarding the issue of L.L.S.T. for  
this ship, we would like to comment as follows:

A General Examination for postponement of  
all overdue surveys for the ship's contemplated  
voyage to the Far East was carried out and a Cert.  
B issued for the voyage as per attached copy.

As this certificate is only valid for  
the ship to sail in ballast for the contemplated  
voyage and the validity is limited to 3 months, we  
presumed that it would be sufficient to make the  
L.L.S.T. cert. valid for the same period without any  
endorsement.

Yours faithfully,  
THE SURVEYORS,  
Per

The Secretary,  
London.
