Details of Casualty

WRECK
SECTION

No. 857A

-2-

HULL (CONTINUED)

18th July, 1958.

"BURY" - The contents of your Report No. 64123 have been noted.

This case was submitted to the Committee, who gave instructions for the notation "To be Broken up" to be recorded in the Register Book.

64075 "ROSS COUGAR" - This trawler has today been classed +100A1 "Trawler" together with the appropriate notations recommended by you.

I shall be glad if you will note that in future cases, the names etc., of all sister ships should be listed on your report. In this connection it is quite realised that you may not have been in possession of the Classing letter dated 10th June, in which the same point was raised in the case of the sister ship "ROSS PANTHER". Your attention in this matter for any future similar cases will be appreciated.
