High Close, Wokingham, Berks.

20th November, 1942.

Dear Sir,

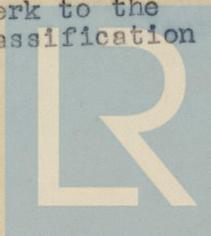

I am in receipt of your letter of the 17th instant respecting the refrigerating installation of the motorship "EMPIRE HIGHWAY" and note your remarks.

I shall, however, be pleased to learn whether each of the pumps is capable of the full duty for both the gas condensers, and whether there is a circulating connection from any other pump.

I am, Dear Sir,  
Yours faithfully,

Clerk to the  
Classification Committee.

The Secretary,
