Reference

Dear Sir,

With reference to your classing letter of the 14th. inst. respecting the above vessel received today.

The weight of the anchor given on the certificate has been confirmed and is 576 lbs. = 3 cwt. 0 qrs. 16 lbs. and the weight of the stock is stated to be 154 lbs. In view of the test being above that required the actual weight will be verified on the vessel's return.

It is regretted that the declaration on page 3 of the Report was not made as required by circular 1806 and this shall receive special attention in future cases.

A midship section plan as built of the above vessel also of the sister vessel "Pedro de Barcelos" was forwarded and approved on the 31st. January 1944. The rudder and stern frame plans are as approved for yards Nos. 107 & 108 "Alvaro Martins Homem" and "João Corte Real" and a further copy is forwarded herewith for the above vessel and one one for the sister vessel "Pedro de Barcelos".

We are, Dear Sir,

Yours faithfully,

The Secretary.
