

"LEELAVATHI"

SUBMITTED the RANGOON Surveyor be advised by cable, in reply to his cable of 31.12.52, that the class of this vessel is withheld pending the 2 bower anchors on board being verified and found to be of Rule weight, a 3rd bower anchor and a stream anchor supplied and the chain cable on board being tested to Rule requirements.

In the present circumstances a survey can be held for the stated grounding and a certificate on Form "C" issued as for unclassed vessels, confining himself to an expression of opinion as to whether or not the vessel is fit to proceed on her voyage with or without cargo - all reference to class being omitted, and without prejudice as to her fitness to carry dry and perishable cargo.

31.12.52.

*The BS became due 10.6.52  
should be held now.  
The screw shaft survey will  
become due 5.5.53.*

*The last survey  
held 30.11.56 held All survey*
