Dear Sir,

Bassett Type Trawler "CALCUTTA", now named "INDIRA"

We enclose herewith in triplicate the following plans for approval, comment and recommendations, viz:

- 3397/2 'Outline bilge & ballast pumping arrangement'.
- 3397/3 'Proposed alterations to bulkheads and new hatchway, forward'.
- 3397/4 'Proposed alterations to bulkheads and new hatchway, aft'.

With regard to the bilge and ballast arrangement, we shall be glad to have your opinion of the proposal that the present high level main lines be retained in their position under the deck head, subject, of course, to the lead of pipes being altered to clear the new hatchway and the position of the branch suction altered to suit the new sub division.

Yours faithfully,

(signed) R.E. Pritchard.
