

COPY.

11th June, 1930.

STOCKHOLM.

3246, 57. As recommended.

3256. "WIRGO". Classed 100A1 "With freeboard", with notations of Lloyd's A & C.P., LMC.5,30 and "Strengthened for navigation in ice".

It is concluded that the height of the outside tank brackets and the riveting of the shelter and second deck stringer butts at ends of vessel are as approved, but I shall be glad if you will state if this so.

I have to confirm my telegram to you today as follows :-

"WIRGO

NAHHO = your report No.

3256

KOFAM = vessel classed 100A1

KLYUB = with freeboard".
