27th April, 1933.

Dear Sir,

M. I duly received your letter of the 19th instant respecting the proposal to lengthen the T.S.S. "JOHAN DE WITT" at the bow by 23 feet, and in reply thereto I have to state that the case has been carefully looked into, and it is found that the existing scantlings of the vessel, also the equipment, could be accepted with this increased length. The rudder head could also be approved for a speed of  $15\frac{1}{2}$  knots.

I am, Dear Sir,

Yours faithfully,

Secretary.

R. Leeuwenburg, Esq.,  
ROTTERDAM.
