

3.61

class is subject to

the main condenser tube plates being further examined by the end of December, 1960 (8 months limit).

Received by Chief Engineer Surveyor.....

Received from Chief Engineer Surveyor.....

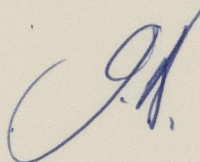

HIP'S NAME..... S.S. "PREVEZE"..... REPORT..... Ist. No. 5032

MBS due 5.60 now held.

ES due 9.60 and proposal to postpone this survey until 7.61, approved providing a satisfactory General Examination held, and the Surveyor states the machinery generally examined in accordance with Circular No. 1959 and found satisfactory.

SRL. The Surveyor recommends that the above limit be extended until the Special Survey of the machinery by 7.61.

IT IS SUBMITTED that this vessel is eligible to remain as classed with fresh record of MBS 5.61 subject as above as now amended and it is further Submitted that the proposal to postpone the Special Survey merits the favourable consideration of the Committee.

23.6.61.
