

S. S. Lottie

{ Arch. 4655.
 Div. 80563.
 Div. 83483.

The machinery and boiler of this vessel has been built and installed under special survey, but the survey has not been completed as the vessel has been laid up by the Builders awaiting a purchaser.

To complete the survey it is necessary for the machinery to be seen under steam, the pumping arrangements tested and the safety valves adjusted.

It is submitted that action in the meantime be deferred.
