

9 JUL 1952

"OILSTREAM" now "VRISSI"

Before this case receives the consideration of the Committee, IT IS SUBMITTED the Surveyors be informed, in view of the vessel's age, it is concluded her scantlings have been ascertained as required by the Rules. <sup>BC</sup>

The thicknesses of the shell plating amidships, forward and aft and the upper deck plating amidships should therefore be furnished for the information of the Committee.

At the same time the Surveyors should confirm that the machinery spaces and the shell plating under the strums were examined at this time for Special Survey. <sup>done</sup> X
