C.
RNC/MRW.

Dear Sirs,

Steamer "SYROS"

With reference to my letter of the 18th and telex of 25th January, to both of which communications I am still awaiting a reply, the Committee have asked me to say they trust the Owners appreciate that unless satisfactory proposals are made for periodical surveys to be held at about the due dates, the Committee cannot be expected to maintain a ship in class.

In the present instance, a survey of the screwshaft (which is of the Liberty type) fell due last December, and no satisfactory proposal for attention to this matter has yet been made.

There is every likelihood, therefore, that the Committee at a very early date will feel they have to suspend or withdraw the ship's class.

Yours faithfully,
