18th January, 1968.

C.
RNC/MRW.

Dear Sirs,

Steamer "SYROS"

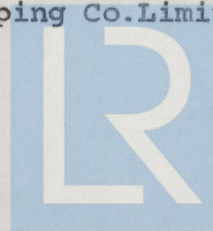

Reverting to your letter of 19th December, I shall be obliged if you will kindly let me know whether there are any further developments regarding the overdue Screwshaft and Boiler Surveys.

The Committee here on 24th November last required a better proposal for the Screwshaft Survey due last month, and when the case comes up for review by them on Friday, 26th January, there is little doubt they will expect a firm proposal for dealing with this matter at an early date.

They will also expect a similar proposal in regard to the completion of the Main Boiler Survey partly held at Calcutta last October, and the renewal of the steam windlass cylinder block.

Yours faithfully,

Classification Manager.
