LLOYD'S REGISTER OF SHIPPING

Port Calcutta

Date 1st November, 1967.

This is to certify that I have surveyed part of the machinery of the **S. S. "SYROS"** **7146 gross tons** of Syros, for Commencement Main Boiler Survey, whilst the vessel lay afloat at Calcutta, on the 26th November, 1967 and subsequently, and that all my recommendations have been carried out to my satisfaction. I am reporting accordingly and recommending to the Committee of Lloyd's Register of Shipping that the machinery classification should be retained and the following survey records assigned **MBS 10/67** on completion of survey, subject to any outstanding conditions of class being dealt with as previously recommended.

Parts now examined :— For Commencement MBS

Centre boiler examined throughout with mountings.

To complete MBS 10/67, following remains to be done:

Port and starboard boilers to be examined in their entirety and safety valves of all boilers (port, centre and starboard) to be adjusted under steam. Oil burning system and remote controls to be examined in accordance with the rules.

H. K. Taneja.

Surveyor to Lloyd's Register of Shipping
