# LLOYD'S REGISTER OF SHIPPING

REC'D NEW YORK AUG 12 1966

Port.....Curacao. N. A.

Date.....5th August, 1966.

*This is to Certify that I have surveyed part of the machinery of the M.V. "PATELLA" 8277 gross tons of London, for Temporary repairs of Main Engine starboard No,2 tie bolt, whilst vessel lying afloat at this port on 3rd August 1966 and subsequently, and that all my recommendations have been carried out to my satisfaction. I am reporting accordingly and recommending to the Committee of Lloyd's Register of Shipping that the machinery classification should be retained and the following survey records assigned without fresh record of survey, subject to No,2 starboard tiebolt being renewed before the end of May 1967 and being kept under observation meantime, and to any other outstanding condition of class being dealt with as previously recommended.*

Parts now examined:

(H. Sluiter)

Surveyor to Lloyd's Register of Shipping
