

Enclosure

23rd May, 1949.

N/N "TYR"
Dear Sirs,

H.

I enclose Leeds report No.364 on new auxiliary machinery together with a copy of their Rpt.10 (C.8293), from which you will observe that the machinery in question is stated to be intended for the Steamer "MUNKFORS".

I shall be glad if you will confirm that this is so and at the same time let me know when and at what port the engine in question will be fitted.

Yours faithfully,

The Surveyors,
GOTHENBURG.

Clerk to the
Classification Committee.
