ANSWER

12.6

With reference to your letter of the 8th February, I shall be glad to learn what early arrangements are proposed to be made for the Special Survey, advanced at Hamburg and Bremen in March and April, to be completed.

I would refer to your Return 3 dated the 15th May and conclude that the condition of class in respect of the main condenser forward door has now been dealt with.

Date:— 2nd June, 1964

Owners state that the vessel is due Hamburg 18th Sept. 1964 and the Special Survey will be completed at that port.

The forward door of the main condenser has now been dealt with and will be reported upon in due course.
