QUESTION

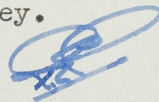

With reference to the  
Screwshaft Survey, which becomes due  
at the end of November, I shall be  
glad to learn what arrangements  
are proposed to be made for this  
inspection to be held.

ANSWER

Date:— 4th September, 1963.

Owner states that it is his intention  
to retain this vessel in service  
until the delivery of a new dredger,  
now under construction, expected to  
be February/March, 1964, when  
arrangements will be made to drydock  
this vessel and hold the screwshaft  
survey.
