Dear Sir,

"STAN WOOLAWAY"

Fbd. With reference to our telephone conversations regarding this ship, I have to acquaint you that provided you satisfy yourself as to the watertightness of the existing hatch coamings and covers, the overflow ports in the coamings are permanently closed and provision is made for sounding of the hold, the ship will be recommended to the Committee for the class + 100A1 "For Coasting Service South of England between Bristol Channel and River Thames".

As regards the Load Line certificate I have to say that provided you are satisfied as above you will be in order in issuing an L.L.S.T. valid for six months endorsed for the ship's service.

Yours faithfully,

pro Secretary.
