4 JUN 1965

action taken or recommended should be described fully under "defects & repairs". When any part has been subjected to pressure test this should be stated.

I have surveyed the above-named ship in accordance with the Rules for Docking.

Minor voyage repairs only required and dealt with.

MACHINERY

Examined propeller, after end of stern bush and outside fastenings, and all found in good order. Wear down = 1/8"

LOSS OF EQUIPMENT

At this examination the Owners fitted new anchor, see attached Certificate, the original anchor was lost at sea, date and time stated unknown.

date of the next Special Survey. Where repairs have been effected or it is considered that re-examination or repairs should be made before that date the circumstances and

The condition of any item is to be described as "good" only when it has been examined, found or placed in good condition and is considered to be acceptable until the due

The items now surveyed are detailed on this report. All were found or placed in good condition unless otherwise stated. I recommend, therefore, that this ship remain as classed with ~~without~~ fresh record of dry docking 5,65.

(Where conditions of class are recommended to be retained, imposed, amended or deleted, particulars must be stated above and on the interim certificate.)
