QUESTION

ANSWER

With reference to my cablegram of the 11 th March, I shall be glad to learn if you are yet in a position to let me know what arrangements are proposed to be made for the Screwshaft Survey to be held this month.

Date:- 8th May, 1965

The ship sailed from Karachi for one voyage Karachi - Chittagong - Karachi with some delay on 17th April last and is expected to return to Karachi in June next at which time the screwshaft survey will be carried out.

The sternbush wear down was checked this time and found to be 7.5 mm.

For further details please refer to our report No.800 which will be forwarded within the next few days.
