GRO 1269

Before this case receives consideration, Submitted Rotterdam Surveyors
be referred to this Certificate of 13/1/56 covering testing of fan motors for this
vessel's cargo refrigerating plant & be asked whether they have any evidence
that Hausera motors N^o 571604/5/6 were constructed under the Society's
supervision at makers works.

At the same time, Groningen Surveyors should be informed his interim
Certificate of 16/3/56 is not in order since as mentioned is made of
the temperature qualification and \neq as mentioned in our letter of 13/9/55.

Please issue an amended certificate accordingly (copy to this office).
