Steampipe Survey postponed until 2.61.

Outstanding items (if partly held)

Hull subject (equipment):- See endorsement 31.3.59.
Machinery limit by 5.60:- See endorsement 22.10.59.

Postponements already agreed

On 15th July last the Lisbon Surveyors were advised by the Owners that the ship was laid up pending a decision as to her future. A new auxiliary condenser inlet water box is in store. On 14th September, 1960 the Committee decided that all outstanding surveys and conditions of class might be postponed until November, 1960, it having been stated that the ship is now owned by a firm of Shipbrokers at Lisbon and proposed to sail the ship to a North European port for resale.

New proposal

The Lisbon Surveyors now advise that the Shipbrokers who now own the ship are not interested in putting her in service and it is likely that the ship will sold for scrap.

Await further information.
