28th January, 1927.

Dear Sir,

With reference to Glasgow Report No. 46270 on the
S. new Steamer "HOLWOOD", it is observed that the Owners have
agreed with the Builders to accept the indented plate in the
first strake below sheer in its present condition and to
fair it at a convenient opportunity, and in view of this
fact and of the statement in the Surveyor's report that the
plate is efficient for the present, I shall be glad if you
will kindly ascertain from the Surveyors and let me know
whether the classification certificate ^{in their opinion} might be issued
without a subject clause in respect of this plate.

I am, Dear Sir,

Yours faithfully,

Clerk to the
Classification Committee.

The Secretary,

GLASGOW.
