

COPY. COPY FOR LONDON

Lloyd's Register of Shipping.

*attach to
Ship Reg.*

Port MOBILE, ALABAMA

..... 31st March 1943.

This is to Certify that

..... J. C. S. MCKENZIE

the undersigned Surveyor to this Society did at the request of the Owners' Representative attend on board the steel screw motor vessel "SAN ELISEO", 8042 tons gross register of London, to verify that the position and size of immersed ship side openings had been marked according to Ministry Requirements.

The markings are welded on main deck stringer and embossed brass plates set in wood deck on the poop as sample shown:-

The figures above the line in way of main deck give the distance from top of main sheer strake to centre of opening, and in way of poop deck, distance from top of poop sheer strake to centre of opening.

The figures below the line give the size of the opening.

Fee \$25.00

J. C. S. McKenzie
Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:-

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
