Lloyds Bank Chambers,
Middlesbrough.

To

8th November, 1945.

The Secretary,
LONDON.

RECEIVED

9 - NOV 1945

ANSD.....

E

Dear Sir,

I think it well to forward herewith copy of a letter and sketch received from Messrs. Furness S. B. Co. Ltd., regarding the failure of a cast iron tee piece from the deck steam line of vessel No.388. A statement giving the history of the case has been prepared by Mr. C. N. Stuart, Senior Engineer Surveyor here, and is also included, and I shall be glad to have your instructions in the matter. I should propose to submit my report to you in the first instance and may say that from a preliminary examination of the casting I am unable to find any evidence to suggest unsoundness. Kindly return the sketch in due course.

I am, Dear Sir,
Yours faithfully,

Enclosures.

Louis Ripley
