Dear Sir,

re FIRST ENTRY REPORT NO 15210

TIRADENTES

With reference to the First entry Report on this vessel it is to be remarked that there is a hand pump fitted for pumping drinking water out of the peak tank but that there is no pumping connection for draining the Forepeak above the Peak tank deck although attention was called to this at the Builders the vessel left without a pumping connection for draining the forepeak above the peak tank deck hence the remark in the Interim Certificate

I am, Dear Sir

Yours faithfully
