

COPY.

5th July, 1955

Dear Sir,

With reference to previous correspondence regarding the sludge ship "SHIELDHALL", I have now to acquaint you that the Committee had before them at their meeting today the Surveyors' reports of their recent examination of the vessel at Glasgow, with a view to extension of class and loadline certificate, and in view of the reports now received, the class has been extended until the end of next month.

The Boiler Survey has been held at this time and the Committee have assigned a record of Blr.S. 6,55.

Yours faithfully,

Secretary to the  
Scottish Committee.

The Senior Administrative Officer,  
Sewage Purification Section,  
The Corporation of Glasgow,  
Office of Public Works,  
City Chambers,  
GLASGOW, C.1.
