

Amended
FREEBOARD REPORT on the *Swines L.C.* Nos 108 and 109.

It is submitted the Freeboards given on the accompanying form being those required by the Tables merit approval, *Subject to* the particulars and dimensions now supplied being verified on completion, and the ends of erections being closed as required for full allowance. In view of the estimated particulars of tonnage now supplied the corrected tonnage coefficient has been increased to .80, and this involves an increase of 1 inch in the freeboard.

The Surveyors should be informed that Mr. Keady has called at this office and he has been informed that the freeboards given in the regulations are the minimum permitted for the dimensions proposed and no further reduction can be made for trading in partly protected waters, but that in fully protected waters the regulations do not apply. He was also informed regarding the amended freeboards.
