Dear Sirs,

SHIPS NOS:- 108/9.

As requested I give below the Trade Route for the
above vessels:-

"Running East the ship leaves New York Harbour by Hell
gate and proceeds through Long Island sound, Block Island Sound
and across Nantucket Shoals. She then proceeds north
easterly along the Maine Coast entering the Bay of Fundy
and then on to Windsor N.S. which is situated on the Minas
Basin.

The return voyage is over the same route".

If it is convenient I propose to call at your London
Office on Monday morning, April 12th, to discuss this matter
further.

Yours faithfully,

United States Gypsum Co.
