

Telephone: Central 5280-1-2.

*Act, 10/11/37*

201, Tower Building,

Liverpool, 3.

9th November, 1937.

1 Enclosure:

My Dear Bob,

I am returning the First Entry certificate for the "CITY OF CAPE TOWN" as it appears that although marked on the section "Solid Floors every fourth frame" the actual construction of the vessel is "Solid floors every frame amidships and every alternate frame clear of amidships".

Will you be good enough to have the certificate amended as necessary and returned to me.

I have amended the Minute as suggested in yours of the 6th instant.

With kindest regards,

Yours sincerely,

R.P.Hutchinson Esq.,  
LONDON.
