Dear Sir,

I enclose for your information copies of letters which have recently been exchanged with Bremer Vulkan in connection with the case of the Motorship "HERBRAND", and shall be glad if you will kindly make the necessary arrangements to ensure that any future similar cases are not subject to undue delay so far as the reporting is concerned, thus enabling the accounts to be rendered within the prescribed time as desired.

It is, of course, appreciated that the present instance is exceptional and does not reflect on the present staff at the port concerned. It is nevertheless thought advisable to bring the case to your notice in order that all concerned may be forewarned.

Extra copies of the enclosures are sent for your assistance in communicating with Bremen.

Yours faithfully,

Clerk to the  
Classification Committee.

L.D.Trenchard, Esq.,  
HAMBURG.
