Dear Sirs,

S.S. "ANGELIC"

With reference to the Boiler Survey, due at the end of May last postponement of which until this month approved, the Owners state the vessel is due at Rotterdam about the middle of December when the above inspection will be carried out, and I shall be glad if you will give the case the necessary attention.

The inspection has been commenced and to complete for the MBS 6.65 the starboard boiler remains to be examined throughout, its safety valves adjusted under steam and the oil burning system and remote controls examined.

Your Report is awaited in due course.

Yours faithfully,

Clerk to the
