Dear Sirs,

S.S. "ANGELIC"

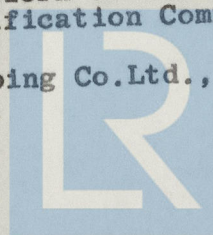

With reference to the classification in the Society's Register Book, I would inform you that the Main Boiler Survey became due at the end of May, and I shall be glad to learn what arrangements are proposed to be made regarding the completion of this inspection.

I would add that to complete the survey for the record MBS 6.65 the starboard boiler requires to be examined in its entirety, its safety valves adjusted under steam and the oil burning system and remote controls examined under working conditions.

Yours faithfully,

Clerk to the
Classification Committee.
